WedCosmos™

Build your own website specifically designed for the Engaged or Newlywed Couple

WedCosmos™ is Compucon's suite of solutions that enables engaged and newlywed couples to create a web site dedicated to their love and the beginning of their mutual life. Pre-designed templates and modules, coupled with an easy to use web publishing tool, allow all users with novice PC skills to publish their site within a matter of minutes!

THE PORTAL

WedCosmos Members can access the service through dedicated Portals that create a whole community of users or customized Portals that belong to our Corporate Customers and serve their special needs for branded, unique and enhanced Internet presence.

THE TOOL

The innovative, simple to use online wizard is the best way for couples to create their web sites with minimum cost and effort.

THE WEB SITE

The result will be always unique, elegant, functional and full of information; a romantic and emotional web site that will reflect all the love and affection kept in the hearts of the engaged or newlywed couple! The spouses can post their wedding invitation, accept wishes from friends and family members, publish photos and stories from their engagement and wedding day thus sharing their joy both with their loved ones and the whole world!

SiteCosmos™

What is WedCosmos™?

WedCosmos is Compucon's suite of solutions that enables engaged and newlywed couples to create a web site dedicated to their love and the beginning of their mutual life. Pre-designed templates and modules, coupled with an easy to use web publishing tool, allow all users with novice PC skills to publish their site within a matter of minutes!

WedCosmos™ is a way to cover the great event of your wedding or engagement!

WedCosmos gives you the ability to let the whole world know about the happy occasion and provide details about what is going on before, during, and after the ceremony. Present yourselves, your families and friends; post your invitation card; provide directions to the location of the ceremony or wedding reception. Create your personalized online wedding list to publicize your gift preferences. Publish news and announcements as the big moment approaches! Arrange on-line, real-time coverage through high-quality streaming video! Create a complete photo album and post stories from the wedding day, thus giving to people that couldn't attend the ability to take a glimpse of what they missed. So, even friends and members of the family that live in distant places can share your happiness and deliver you their wishes easily and swiftly.

WedCosmos™ is an online keepsake of memorable moments!

Upload your favourite photographs of your engagement, your wedding or even your premarital life; collect and preserve wishes from your loved ones; post stories and memories from your honeymoon trip; ...create a nostalgic token that will accompany you thereafter in the happiness of your mutual life. After some time the graceful web site you created through WedCosmos will be an ideal way for you to recollect the memories of those happy times and for your children or even grandchildren to imaginably travel through time where everything commenced...

WedCosmos™ is a great gift!

Members of the family, relatives and friends can differentiate by offering WedCosmos as a gift to the newlywed or engaged couple; a unique, imaginative and thoughtful present that will be mostly appreciated and that will accompany the spouses, along with your wishes, to their "happily ever after" life.

WedCosmos™ is simple, easy and a great value for money!

All members of WedCosmos, whether individual online subscribers or users of a Server License (for multiple users, whether administered online or through the organization's own server) take advantage of the extra features and can attain personalised web presence with minimum effort and cost.

WedCosmos operates as an online, multilingual community that accepts any individual user on a very affordable subscription basis. Matching Services as well as Companies that provide Wedding List Services may opt to create their own, custom-built community with a very low budget and offer to all their customers a personal web development tool and a window to the World Wide Web!
